## Southwest Park Slates Dance as Benefit to Park

A public dance to provide improvements to La-Romera Park has been scheduled for Saturday night at Nickel's Ranch, 25226 Tandem Way Walteria, by the Southwest Park Civic Assn.

Final plans for the affair were made by the group's

were made by the group's board of directors at a meet-ing earlier this week.

Swimming and dancing will highlight the affair, scheduled to run from 6 p.m. until midnight.

Donations of \$1 are being suggested by the board. Proceeds will be used to install picnic tables at the park.

## Bids Issued For Air Race To Las Vegas

Bids for the third annual "Lucky Seven" cross country handicap air race from Torrance to Las Vegas and return were issued this week by the sponsoring Exchange Clubs of the South Bay and El Segundo.

Scheduled for Saturday and Sunday, Oct. 10 and 11, the two-day race will be open to all single engine, post war vivil aircraft within the 65 to 300 horsepower range.

Deadline for entries is Sept. 26, according to J. Emery Stromberg, aviation chairman for the sponsoring clubs.

Tophies, merchandse prizes, and certificates will be awarded winners of the event. The pilots will fly to Needles on the first leg of the flight, spend the night in Las Vegas, and return to Torrance for the finish the following day, Stromberg reported.

A package deal for pilots and passengers is being arranged in Las Vegas to reduce food and lodging costs, he said. No entry fee is required for the event.

## New 'Brain' Installed By Glendale

On Oct. 1, when Glendale Federal Savings & Loan Assn.
rederal Savings & Loan Assn.
opens its new head office
building on the corner of
Brand Blvd. and Lexington
Ave. in Glendale, it will have
one of the most extensive and
complete electronic data processing systems of any savings and loan association in the

and loan association in the country.

This week the Remington Rand Univac 120 was installed in the new building. It was a luge undertaking with the 2200 pound Univac "brain" being lifted by a giant crane with a 135 foot boom to the fourth floor of the building.

According to J. E. Hoeft, president, "Our electronic data processing and machine account sustem will be one of ....ost modern and efficient in the country. The Univac 120 is an amazing piece of electronic equipment; it can take a tab card and process six different

a tab card and process six different computing and recording operations in 1/50 of a second. In other words, at the rate of 150 per second com-plete interpretation, computation and punching can take place. The entire Remington Rand installation, which will be housed in our new head of fice building, will represent over \$200,000 worth of the latest in electronic equipment,"

continued Hoeft The machine accounting de-partment of Glendale Federal Savings serves as a central accounting source for the entire nine branch operation. Included in the syste mare complete records and up-to-date data concerning loans as well as all savings accounts.
